

Pre-Optometry Track

This schedule represents a recommended plan for the pre-optometry track. Prerequisites may vary depending on a student's pathway, substitute courses needed, and school of interest. The program may be completed in approximately 24 months.

Course Schedule

Core Courses	Delivery
General Chemistry I	Class / Lab
General Chemistry II	Class / Lab
General College Physics I	Class / Lab
Organic Chemistry I	Class / Lab
Cell Biology	Class / Lab
General College Physics II	Class / Lab
Organic Chemistry II	Class / Lab
Biology-Evolution & Diversity	Class / Lab
Biochemistry I	Class / Lab
Fundamental Microbiology	Class / Lab
*Human Anatomy & Physiology	Class / Lab
**Integrated Vertebrate Anatomy & Physiology I	Class / Lab
Calculus I	Class
Introduction to Statistics	Class
**Integrated Vertebrate Anatomy & Physiology II	Class / Lab
Introduction to Psychology	Class

* For schools requiring one semester of A & P

** For schools requiring two semesters of A & P

Academic Pathways

Career Changers

A bachelor's degree with a major outside of the sciences seeking to complete prerequisite core coursework required for most graduate health professions programs.

Academic Enhancers

A bachelor's degree with any major looking to repeat coursework and/or take additional supporting science courses to strengthen their academic records.
